*FSI is a provider of all-in-one terminal tractor
and trailer cargo transport services.*

*We are able to meet customers'
transport and customs clearance
service needs. With the term*

"all-in-one"

*we are a leading company
with expertise in providing safe
and fast, land and sea freight services
to ensure that customers receive their
containers whenever and wherever they need.*

In addition to the land and sea freight services, we offer cargo depot and loading services at Khum Klao 46 , Lam Pla Thio Sub-district, Lat Krabang District, Bangkok, where we are ready to serve you with our shipping container loading equipment and facilities.

- Domestic freight services via terminal tractors and short and long trailers from factories or ports to destinations in every province across Thailand for product imports and exports via shipping containers.*
- Reefer and dry shipping container across border freight services along the routes from Thailand to Laos and China.*
- Trailer detachment, container storage and cargo loading services.*

Tractor truck for container with generator set and 5-million-baht transportation insurance

FSI has terminal tractors with trailers for transporting shipping containers sized 20 feet and 40 feet. Additionally, all of our vehicles are installed with a generator set for transporting cargo that requires refrigeration and temperature control.

Today, we give priority to the value of our customers cargo. Therefore, we provide inland domestic transportation insurance with a coverage value of 5 million baht per vehicle per container to ensure our customers confidence.

Terminal tractors and trailers for Reefer Containers in Lat Krabang, Bangkok

FSI is an expert in logistics provider for reefer cargo containers that require temperature control. We also offer vehicle depot services in Lat Krabang, Bangkok, near the Lat Krabang Inland Container Depot or ICD Lat Krabang and many other container depots. Therefore, we are ready to quickly serve our customers.

GPS System and Good Team work

All of our terminal tractors are equipped with real-time GPS tracking systems that allow 24-hour reporting of vehicle statuses and locations to our customers. We also have a high-quality and highly experienced maintenance team stationed at the Lat-Krabang office in Bangkok to inspect vehicles and equipment to ensure that they are always ready for use.

Container Inspections before Hauling for Customers

All of FSI's drivers are always trained and given knowledge and understanding about each customer's needs in detail before work. Our drivers make sure to always inspect containers before hauling them out of the depot every time in order to ensure that the containers customers receive definitely meet their requirements.

Safe Transport through Training, Vision Tests and Drug Tests

Freight Solution International Co., Ltd. regularly trains employees and drivers to provide them with knowledge and understanding about transport and logistics work as well as customers factory regulations and traffic laws. We also continually provide vision tests and drug tests to our drivers to ensure safe transportation which is our primary policy. As a result, we have been certified according to transportation standards by the Department of Land Transport for over 11 years consecutively.
