

R.F Products Co.,Ltd. Started Business since year 2008 .

Products Of Fire Fighting System.

Customer Area On Eastern Of Thailand Industrial Park and Factory in

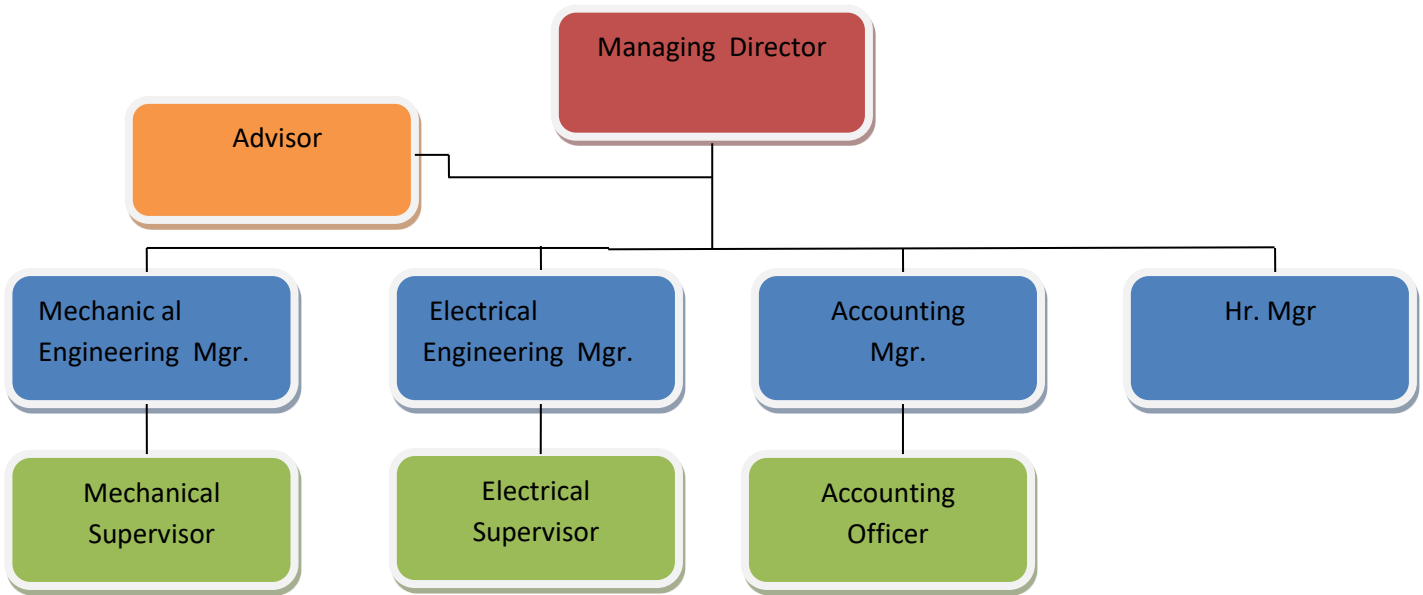

Thailand Country.

**Main Office :** 88/86 m.3 T.Surasak A.Sriracha Chonburi

**Service Office :** 111/57 m.6 T.Nongmideang A.Moung Chonburi

### Organization

### Man Power

Male 30 Persons Female 20 Persons

**System Standard :** NFPA Standard Member

**ID: 3137335**

## Products & Service

## FIRE PUMP

Split Case Diesel Fire Pump

End Suction Type Diesel Fire Pump

EDJ Series Diesel Fire Pump

Vertical Turbine Diesel Fire Pump

Electrical Fire Pump

Multistage Fire Pump

### Fire hose cabinet & Equipment

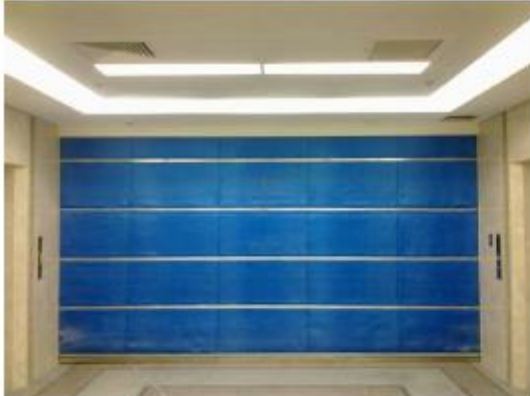

## Fire Compartment & Fire Smoke Curtain

### Fire Curtain (GFJ-FC)

Fire curtain is widely used as fire district compartment in industry construction and commercial & civil one.

It is driven by external fireproof motor and can automatically fall down by gravity once receiving signal from fire centre or detecting certain temperature.

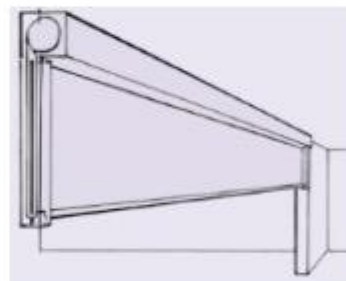

And its main purpose is to prevent fire from diffusing and also collect smoke in certain space for easy smoke releasing.

#### Test Standard:

- Tested to BS476-22:1987 Part22

#### Basic Information:

- Fire curtain material:
  - Layer 1: Radiation resistance fiber cloth
  - Layer 2: Inorganic fiber cloth
  - Layer 3: Fireproof fiber heat insulation cotton
  - Layer 4: Decorative fiber cloth
- Total fabric cloth thickness: 17.44mm
- Fire curtain operation model: Rolling-style
- Cover sheet color option: Blue or Grey
- Lifting & Falling speed = 2~7.5 m/min
- Temperature release :  $73^{\circ}\text{C} \pm 0.5^{\circ}\text{C}$
- Performance feature:
  - Fireproof
  - Smokeproof
  - Waterproof
  - Corrosive resistance.

#### Technical data:

- Referring to attached Test Report issued by Intertek Lab
