

Model	BL-830D-DJH	BL-860D-DJH	BL-890D-DJH
Capacity	30L/D	60L/D	90L/D
Working Temp	18-38 C	18-38 C	18-38 C
Noise Max dB (1m)	40	45	48
Coverage Area	10-50 m2	50-90m2	80-120m2
Air Filter	Prefilter (G3 Class) + Carbon Filter+ HEPA (E12 99.5%)		
Speed Fan	Hi-Low	Hi-Low	Hi-Low
Air Flow (CMH)	410	715	1000
Compressor Brand	Embraco BRAZIL	Secop Germany	Secop Germany
Humidity sensor	SHINYEI Made in Japan		
WIFI FUNCTION	YES	YES	YES
Voltage	220v/50Hz	220v/50Hz	220v/50Hz
Weight (Kg)	29	45	50
Power (W)	400	750	1050
Air inlet (mm)	150	200	200
Fresh Air (mm)	75	150	150
Air Outlet (mm)	150	200	200
Dimension(mm)	718X488X246	776X692X246	856X988X246

option, UV & ION

PANEL CONTROLLER

Three-layer filter:

01

High density cotton filter

It can filter dust and hair. The filtration speed is fast, the airflow resistance is low, and the ventilation performance is good. It can be cleaned and the effect after washing is not weakened.

02

Honeycomb activated carbon filter:

Strong adsorption and fast speed. The use of polar molecules can be recycled.

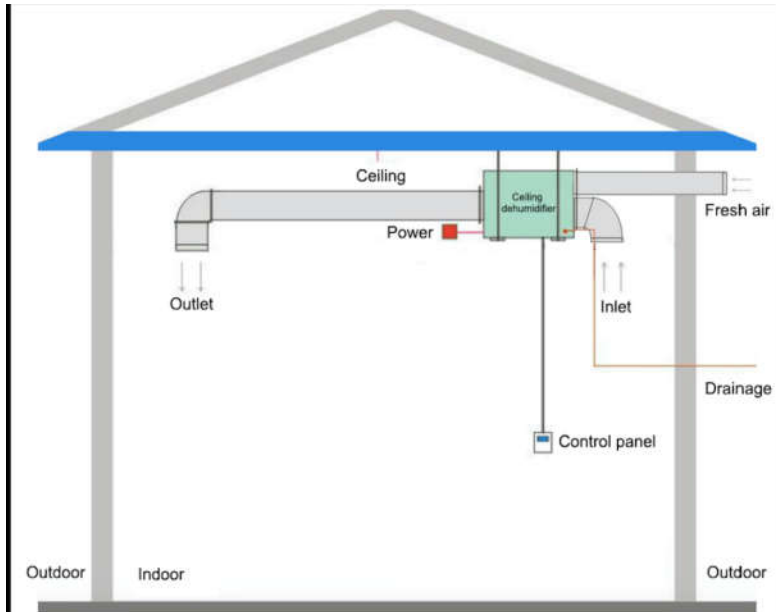

03

HEPA filter

Filter particles in the air to purify the air and make the air fresher.

Installation

1st Method

2nd Method
