CHO OXY BOILER OXYGEN SCAVENGER

Product Contains:
Diethyl Hydroxylamine

First Aid:
EYES: Flush with large amounts of water, lifting upper and lower lid occasionally. Get medical attention if irritation persists. SKIN: Wash exposed areas thoroughly with soap and water. Remove contaminated clothing and launder before reuse. If skin feels sticky, continue washing until slick feeling is gone. Contact a physician if irritation persists. INGESTION: Give large quantities of water. DO NOT induce vomiting. If vomiting occurs administer additional fluids. Contact a physician for further directions. Never give anything by mouth to an unconscious person. INHALATION: Remove individual to fresh air. If breathing difficult, give oxygen. Contact a physician if irritation persists.

CHO DOS - 1

ACTIVE INGREDIENTS:
Chlorine hypochlorite/sodium hypochlorite... 3.88%
Potassium N-methyl-Diethanolamine... 32.28%
INERT INGREDIENTS... 63.84%

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER: Corrosive. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. Wear goggles of face shield, protective clothing and rubber gloves, wash thoroughly after handling and before eating, drinking or using tobacco. Harmful or fatal swallowed. Harmful if absorbed through skin or inhaled. Remove contaminated clothing and wash before reuse. Avoid contamination of food.

STATEMENT OF PRACTICAL TREATMENT: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician.

CHO OXY BOILER OXYGEN SCAVENGER

Product Contains:
Diethyl Hydroxylamine

Safety & Handling:
This product is a mild irritant. Eye contact will cause minor irritation. Individuals sensitive to alkaline materials may develop dermatitis upon prolonged or repeated contact with product concentrate. Wear impervious gloves and safety glasses or goggles when handling product. If dust/mist residues are present at or above the TLV respiratory protection must be worn. Wear additional protective clothing as necessary to minimize contact with product.

Spill Procedures:
Only trained personnel equipped with proper protective gear should be permitted in the area. Stop spill at source. Reclaim material if possible for reuse. Contain/absorb contaminated material for disposal. After all visible traces have been removed flush area thoroughly with water. Dispose of all waste in accordance with local, state and federal regulations. Care must be taken when using or disposing of chemical materials and/or their containers to prevent environmental contamination.

HEALTH **FLAMMABILITY** **REACTIVITY** **PERSONAL PROTECTION**

IN CASE OF EMERGENCY CALL CHEMTRACT AT: 1-780-834-4300

KEEP OUT OF REACH OF CHILDREN

NON-WARRANTY: As the user of this material is subject to conditions beyond the seller's control, seller makes no warranty express or implied as to its material or its use other than its chemical analysis when packed. The total liability of seller shall be limited to the purchase price of the product.

PRODUCT MUST BE STORED ABOVE 43 DEGREES FAHRENHEIT (7 DEGREES CELSIUS)

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER: Corrosive. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. Wear goggles of face shield, protective clothing and rubber gloves, wash thoroughly after handling and before eating, drinking or using tobacco. Harmful or fatal swallowed. Harmful if absorbed through skin or inhaled. Remove contaminated clothing and wash before reuse. Avoid contamination of food.

STATEMENT OF PRACTICAL TREATMENT: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove contaminated clothing before reuse. Ingestion: DO NOT INDUCE VOMITING. Rinse with copious amounts of water or milk first. Irrigate the esophagus and dilute stomach contents by slowly giving one (1) to two (2) glasses of water or milk, avoid giving alcohol or alcohol related products in cases where the individual is semiconscious, comatose or convulsing. DO NOT GIVE FLUIDS BY MOUTH. In case of internal ingestion of the product seek medical assistance immediately; take individual to nearest medical facility. If inhaled, remove the victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention. ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge permit. This product is highly toxic to aquatic life. Do not discharge effluent containing this product to sewage systems without first notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

This product is highly toxic to aquatic life. Do not discharge effluent containing this product to sewage systems without first notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

STORAGE & DISPOSAL
Do not contaminate skin, food, or feed by storage or disposal. STORAGE: Do not expose to extreme temperatures. Do not store more than five drums high. Drums should be opened in well ventilated areas. Leaking or damaged drums should be placed in overpack drums for disposal. Spills should be absorbed in sawdust or sand and disposed of in a sanitary PESTICIDE DISPOSAL. Pesticide wastes are toxic. Immerse drums of excess pesticide, spray mixture or waste in a violation of Federal Law. If waste cannot be disposed of as per according to label instructions, contact your State or Environmental Control Agency, or the National Waste representative at the nearest EPA Regional Office for help. Do not use. Do not discharge into any water body.

CONTAINER DISPOSAL: PLASTIC-Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, by incineration, or if allowed by state and local authorities, in a sanitary landfill, or other disposal method under the charge of the state government.

METAL-Triple rinse (or equivalent). Then offer recycling or if not allowed, reconditioning or puncture and dispose of in a sanitary landfill or other procedures, approved by state or local authorities.

CHO OXY BOILER OXYGEN SCAVENGER

Product Contains: Diethyl Hydroxylamine

First Aid:
EYES: Flush with large amounts of water, lifting upper and lower lid occasionally. Get medical attention if irritation persists. SKIN: Wash exposed areas thoroughly with soap and water. Remove contaminated clothing and launder before reuse. If skin feels slippery, continue washing until slick feeling is gone. Contact a physician if irritation persists. INGESTION: Give large quantities of water. DO NOT induce vomiting. If vomiting occurs administer additional fluids. Contact a physician for further directions. Never give anything by mouth to an unconscious person. INHALATION: Remove individual to fresh air. If breathing difficult, give oxygen. Contact a physician if irritation persists.

CHO DOS - 1

ACTIVE INGREDIENTS:
Oxidation equivalent to formaldehyde... 3.8%
Potassium N-methylglucosaminide... 0.87%
INERT INGREDIENTS... 31.25%

Product Weight: 8.8 lbs./gal. 1.25 kg/1

PRECAUTIONARY STATEMENTS
HAZARDOUS TO HUMANS AND DOMESTIC ANIMALS
DANGER, Corrosive. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. Wear goggles of face shield, protective clothing and rubber gloves, wash thoroughly after handling and before eating, drinking or using tobacco. Harmful or fatal swallowed. Harmful if absorbed through skin or inhaled. Remove contaminated clothing and wash before reuse. Avoid contamination of food.

STATEMENT OF PRACTICAL TREATMENT: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician.

Directions for Use:
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
DOS-1 is used to control algae and bacteria in recirculating commercial and industrial water cooling systems. Prior to use, the system must be cleaned to remove algae, microbiological slime, and other deposits. An initial slug addition of 4.0 to 12.0 fluid ounces of DOS-1 per 1000 gallons of water is recommended. Repeat initial dosage until control of water is recommended. Subsequent slug additions of DOS-1 per 1000 gallons of water should be employed every 1 to 5 days, as needed. The frequency of addition depends upon the relative nature and the quantity of the microbiological problem. One addition should be made in the pump of water cooling tower.

Subsequent slug additions of DOS-1 per 1000 gallons of water should be employed every 1 to 5 days, as needed. The frequency of addition depends upon the relative amount of bioload and the severity of the microbiological problem. Slug additions should be made in the pump of water cooling tower.

STORAGE & DISPOSAL
Do not containize when, load, or load by empty or dispost. STORAGE: Do not expose to extreme temperatures. Do not store more than five drums high. Drums should be kept in well ventilated areas. Leaking or damaged drums should be placed in a secondary container. Spills should be absorbed in sawdust or sand and disposed of in a sanitary landfill. Keep containers closed when not in use. PESTICIDE DISPOSAL: Pesticide wastes are toxic. Proper disposal of excess pesticide, spray mixture or residue is a violation of Federal Law. If waste cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the National Waste representative at the nearest EPA Regional Office for help. Do not use. Do not load into tank, bin, tray, or this container.

CONTAINER DISPOSAL: PLASTIC-Tripole (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, by incineration, or if allowed by state and local authorities, by burning. If burned, emit the charge of the gas burner.
METAL-Tripole (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill by other procedures, approved by state and local authorities.
